CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

STARTEGIC THINKER – I exemplify the difference between moment-to-moment crisis management and navigating the challenges and steps of a bigger plan, and I am known for examining every angle of a problem and not just resolving momentary issues, but moving the whole project forward with my solutions.

CHARISMATIC AND INSPIRING – These qualities combine to allow me to inspire and invigorate others. People actually want me to be their leader, and this in turn helps me to accomplish ambitious goals that could never be finished alone.

PERSONALITY TRAITS

STRIVING FOR GREATNESS - At the negotiating table, I am dominant, relentless, and unforgiving. This isn't because I am coldhearted or vicious per se – it's more that I genuinely enjoy the challenge, the battle of wits, the repartee that comes from this environment, and if the other side can't keep up, that's no reason for me to fold on my own core tenet of ultimate victory.

IDEALS

I will face any challenge to win the approval of my family.

BONDS

INTOLERANT – "It's my way or the highway" – I am notoriously unsupportive of any idea that distracts from my primary goals, and even more so of ideas based on emotional considerations. I won't hesitate a second to make that fact clear to those around me.

FLAWS

In the intricate tapestry of my existence, every move is a calculated step toward a grander plan. I am a half-elf born of the confluence of elven grace and the fiery bloodline of dragons. My mind is a labyrinth of strategic thinking, not confined to crisis management but encompassing the broader scope of navigating challenges and advancing intricate plans.

My charisma, a magnetic force, has a gravitational pull that draws others toward me. I inspire and invigorate those around me, fostering a desire for my leadership. It is through this collective strength that I accomplish ambitious goals that transcend the limitations of solitary endeavors.

At the negotiating table, I am a dominant force, relentless and unforgiving. Not out of cold-heartedness, but because I relish the challenge, the intellectual jousting, and the repartee that defines such environments. My core tenet is ultimate victory, and I refuse to fold in the face of adversaries who cannot keep pace.

The driving force behind my every action is the unwavering determination to win the approval of my family. Exiled from my birthright when it was discovered that my dragon bloodline was deemed impure, my kin clandestinely spirited me away to protect me from the vengeful wrath of an outraged mob.

My noble birth affords me the privilege of high society, and my presence commands respect. People assume I belong wherever I stand, and the common folk go to great lengths to accommodate me. Fellow nobles treat me as an equal, acknowledging the shared sphere of our social status. Securing an audience with a local noble is a mere formality, a nod to the inherent privileges of my lineage.

However, my intolerance is a sharp edge that defines my character. I am unsupportive of ideas

CHARACTER BACKSTORY

Mstra

Alignment: Neutral Good
Alternate Names: The Lady of Mysteries, Our Lady of Spells, The Mother of All Magic
Category: None
Domains: Arcana, Knowledge
Pantheon: Faerûnian
Symbol: Circle of seven stars, nine stars encircling a flowing red mist, or a single star

Mystra is the goddess of magic, and with that the goddess of possibilities. She is venerated by mages and by those who use magic or magical objects in their daily lives. She also receives the prayers of those who find magic wondrous or encounter magic they fear. Mystra is the goddess of the essential force that makes all spellcasting possible. She provides and tends the Weave, the conduit through which mortal spellcasters and magical crafters can safely access the raw force of magic.

The faith of Mystra is pervasive in Faerûn, which is to be expected for a land as touched by magic as it is. Her worshipers include those who use magic or work closely with it, such as alchemists and sages. The blue-clad priests of Mystran temples count wizards and sorcerers among their numbers, as well as the occasional bard. The goal of Mystra's faithful is simple: that magic be preserved and promulgated throughout the Realms. It isn't unusual for her followers to keep an eye out for those who demonstrate high potential for using magic and help arrange for such persons to find tutelage with a suitable mentor.
