CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

ENJOY CREATING ORDER – Chaos makes things unpredictable, and unpredictable things can't be trusted when they are needed most – with this in mind, I strive to create order and security in my environments by establishing rules, structures and clear roles.

EXCELLENT ORGANIZER – This commitment to truth and clear standards makes me a capable and confident leader. I have no problem distributing tasks and responsibilities to others fairly and objectively, making me an excellent administrator.

PERSONALITY TRAITS

A GREATER RESPONSIBILITY - I am the classic image of the model citizen: I help my neighbors, uphold the law, and try to make sure that everyone participates in the communities and organizations I hold so dear. The main challenge for me is to recognize that not everyone follows the same path or contributes in the same way. A true leader recognizes the strength of the individual, as well as that of the group, and helps bring those individuals' ideas to the table.

IDEALS

No one else should have to endure the hardships I've been through.

BONDS

INFLEXIBLE AND STUBBORN – The problem with being so fixated on what works is that I too often dismiss what might work better. Everything is opinion until proven, and I am reluctant to trust an opinion long enough for it to have that chance.

FLAWS

In the sprawling city of Baldur's Gate, where the shadows clung to the alleys like a second skin, I lived as a tiefling. Abandoned as a child due to the stigma surrounding my infernal lineage, I grew up alone on the unforgiving streets, an outcast amongst the teeming masses of the city. My horns and reddish skin marked me as different, and the whispers of prejudice followed me like a haunting melody.

Survival in the urban wilderness demanded resourcefulness and cunning, traits that I developed in abundance. As I navigated the labyrinthine streets and hidden passages of Baldur's gate, I discovered a keen sense for the secret patterns and flows of the city. These hidden pathways became my refuge, allowing me to avoid the prying eyes of those who judged me for my demonic heritage.

Enduring the hardships of isolation, I was driven by a fervent desire to create order in a world that had cast me aside. Chaos, I believed, was the root of my suffering, and I sought to establish rules and structures to bring a semblance of security to my harsh existence.

Through the years it became clear that I possessed natural leadership abilities. Even as a lone tiefling navigating the treacherous urban landscape, I organized my daily life with military precision. Every action had a purpose, and I maintained a clear set of standards that governed my interactions with others. Despite my solitary upbringing, I was an excellent administrator, distributing tasks and responsibilities with fairness and objectivity, ensuring my survival in a city that cared little for the likes of me.

However, this commitment to order came at a cost. My inflexibility and stubbornness often blinded me to alternative perspectives. My reluctance to trust opinions that deviated from my established norms hindered my growth, and I

CHARACTER BACKSTORY

Helm

Alignment: Lawful Neutral
Alternate Names: The Watcher, He of the Unsleeping Eyes, The Vigilant One
Category: None
Domains: Life, Light, Twilight
Pantheon: Faerûnian
Symbol: Staring eye on upright left gauntlet

The god of vigilance and protection, Helm is seen as the epitome of the guardian, the watcher, and the guard. He is venerated by those who need to remain watchful for enemies or danger. Helm is a favorite deity of people who make a living by protecting someone or something, such as bodyguards, members of the city watch, and the guards of a treasury vault.

Helm embodies the spirit of watchfulness without regard to good or evil. In legends, he is honorable and keeps his word to a fault, such as when he guarded the celestial stairways during the Time of Troubles, preventing the gods from ascending them and continuing the chaos of that period, until the Tablets of Fate were found.

Although his faith has known dark days, worship of Helm never truly faded away. Most of his followers believe that the Watcher can never be vanquished utterly, and recent events have borne out that assertion.

Helm's priests teach that one must be ever vigilant, ever aware, ever prepared for one's enemies. Patience, clear thought, and careful planning will always defeat rushed actions in the end. Those who favor Helm strive to be alert, clear-headed, and true to their word. These traits don't necessarily make them nice people, however, and as such many consider the faithful of Helm to be inflexible and merciless.
