CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

ANALYTICAL – I analyze everything that I come across, from research data to the behavior of the people around me. This gives me a knack for spotting unexpected patterns and connections that others might overlook.

OPEN MINDED – I am driven by curiosity and an intense desire to learn everything that I can. I tend to be receptive to new ideas and ways of doing things – as long as those ideas are supported by sound reasoning.

PERSONALITY TRAITS

MYSTERIES OF THE UNIVERSE - I want to understand everything in the universe, but one area in particular tends to mystify me: human nature. I feel most at home in the realm of logic and rationality. As a result, I can find myself baffled by the illogical, irrational ways that feelings and emotions influence people's behavior – including my own.

IDEALS

My life's work is a series of tomes related to astronomy

BONDS

DISCONNECTED – I can get lost in my own train of thought, even when I am with other people. When I finally resurface with something to say, I may find that the conversation has moved on without me. This can cause me to feel disconnected from other people, especially in large social gatherings.

FLAWS

I am a seeker of cosmic truths and a steward of the celestial tapestry. My life has been an ongoing exploration of the universe's mysteries, driven by an insatiable curiosity and an analytical mind that dissects every detail it encounters.

My journey into the realms of knowledge has manifested in a series of tomes dedicated to the intricacies of astronomy. The stars have been my guides, and I possess the tools, such as a trusty sextant, that enable me to navigate the vast expanse based on the celestial constellations left in the sky by the gods. In my adventures, I seek the answer as to why the stars and the sky exist. Which gods created them, when, and why?

Analyzing everything has become second nature to me. Whether it's delving into research data or observing the nuanced behaviors of those around me, I have honed a knack for uncovering unexpected patterns and connections that often elude the less discerning eye.

My mind is open, receptive to new ideas and alternative ways of thinking. As long as an idea is grounded in sound reasoning, I welcome its exploration. My intellectual pursuits know no bounds, always seeking to expand my understanding of the universe and its secrets.

Yet, amid the clarity of starlight and the logic of cosmic forces, human nature remains an enigma. The illogical, irrational dance of emotions baffles me, and I find myself navigating the intricate web of feelings with a sense of detachment. As much as I strive to comprehend the emotional landscape, the nuances of human interaction often leave me feeling disconnected, especially in large social gatherings.

My quest for knowledge and understanding propels me forward, a celestial wanderer exploring the vast realms of intellect and emotion. Through the lens of my analytical mind, I hope to unravel

CHARACTER BACKSTORY

Sehanine Moonbow

Alignment: Chaotic Good
Category: The Seldarine
Domains: Grave, Knowledge, Light
Pantheon: Elven
Province: Dreams, death, travel
Symbol: Full moon under a moonbow

Sehanine is Corellon's beloved; Corellon is Sehanine's creator. Sehanine is Corellon's shadow; Corellon is Sehanine's reflection. Sehanine is the moon; Corellon is the moon's crescent. Sehanine is the night sky; Corellon is the sun and all the stars.

No god of the Seldarine is as intertwined with Corellon or presents so many paradoxes for worshipers to unravel, but this role befits Sehanine, for she is a god of mysteries as much as anything else. Many non-elves find it easiest to think of Sehanine as the companion of Corellon and the god of the moon, but to elves she is much more than that. The moon passes from one phase to the next, and Sehanine watches over all such cycles, be it from season to season or cradle to grave. She is midwife to elf mothers, ushering souls into the world. She is also thought to stand beside dying elves, to greet their departing spirits and set them on the path to Arvandor. Sehanine serves as patron of the lost and any who travel, as well as those who seek meaning. Elves beseech her to provide relief from madness, and they mark her symbol on graves and tombs to invoke her protection of the dead. In these comforting aspects, Sehanine is often imagined as a willowy, gentle male elf with shining eyes that reveal both melancholy and tenderness in their gaze when depicted alongside his beloved Corellon.

In stories of the Seldarine, Sehanine is Corellon's steadfast companion, the one being who can persuade Corellon to pause and reflect rather than allow his emotions to rule him. Corellon can be resplendent with joy or shaking with anger, but a word or a look from Sehanine is enough to check or subtly alter Corellon's mood and behavior, redirecting the god to a less extreme course of action. Some elven legends treat Sehanine as Corellon's spouse or as a favored child, but other stories hint at a deeper truth. They say Sehanine was formed from the first drop of blood spilled from Corellon's body, and so she reminds Corellon that even as a divine being, he can be harmed.

Sehanine's priests often seek her guidance by entering into a state of true sleep and sifting through their dreams for signs. But Sehanine has another way of sending messages to the elves of the world. The crescent-shaped cataracts that appear in the eyes of an elderly elf at Transcendence are symbolic of the moonbow, an astronomical phenomenon with which she is associated. It appears in the night sky above the moon as a luminous arc of refracted light, no brighter than the moon itself. Only elves and some half-elves can perceive this sign, for it is meant only for Corellon's people. What it signifies depends on the phase of the moon. Above a full moon, when it is most often detected, it means that an elf of great importance and advanced age will soon journey to Arvandor. Elves who see the sign might be compelled to seek out this individual to commune with and learn from before the elder departs the world. The moonbow appearing above the moon during its other phases can be interpreted in many ways, depending on the season and the timing of its appearance. A moonbow appearing above a new moon is the most dreaded sign, for it is said to signal a coming period of great upheaval and many deaths.

Lunar Worship

Temples to Sehanine Moonbow are almost always aligned with the heavens to enable the priests to track the motion and phases of the moon. The sleeping quarters of the priests are positioned such that a shaft of light from the full moon falls on them while they are sleeping, and this silver light of Sehanine can influence their dreams and impart messages to them.
