CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

ALTRUISTIC – I am not happy to succeed at another person's expense. I want to use my strengths for the greater good, and I rarely lose sight of how my words and actions might affect others. In my heart of hearts, I want to make the world a better place, starting with the people around me.

PRINCIPLED – I tend to have strong beliefs and values, particularly when it comes to matters of ethics. When I talk about topics close to my heart, my convictions and heartfelt idealism can inspire and persuade even the sternest of skeptics.

PERSONALITY TRAITS

SEEKING PURPOSE - I see helping others as my mission in life, and I am always looking for ways to step in and speak up for what is right. I also aspire to fix society's deeper problems, in the hope that unfairness and hardship can become things of the past.

IDEALS

I owe my life to the priest who took me in when my parents died.

BONDS

RELUCTANT TO OPEN UP –
I value honesty and authenticity, but I am also private. I may find it difficult to open up and be vulnerable about my struggles, not wanting to burden someone else with my issues. Unfortunately, when Advocates don't ask for help, they may inadvertently hold themselves back or create distance in their relationships.

FLAWS

I, a silver dragonborn, was the captain of the Imperial Guard for the Delmirev clan and dedicated my life to protecting my queen. I was exiled for a crime I did not commit. An unknown nemesis infiltrated the clan and convinced the Queen that I was a danger to the clan and the royal family.

Following my exile, I roamed the lands desperately trying to find a way back into my clan, becoming more angry and depressed as time went on. When I was at my lowest, I met a priest who convinced me that redemption was my path forward. I adopted the ways of an acolyte, commanding respect among those who shared my faith. My upbringing instilled in me the ability to perform religious ceremonies and, in times of need, provide healing and care through the divine connection I cultivated.

The presence of strong evil and the resonance of powerful good became sensory experiences for me. Like a noxious odor, the stench of malevolence would register on my senses, while the sublime essence of potent goodness would manifest as heavenly music in my ears.

Altruistic to my core, I harbor a deep aversion to succeeding at another's expense. My strengths are dedicated to the greater good, and I maintain a constant awareness of how my words and actions could impact others. My principles form a stronghold of beliefs and values, especially in matters of ethics. My heartfelt idealism and unwavering convictions could inspire even the sternest skeptics when discussing topics close to my heart.

However, my commitment to honesty and authenticity clashes with my private nature. Reluctant to open up about my struggles, I fear burdening others with my issues. This internal conflict occasionally creates distance in my relationships, as I grapple with the balance
