CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

CREATIVE –I am not exactly like everyone else – and that's a wonderful thing. I embrace my creative side, always on the lookout for opportunities to express myself and think outside the box.

INSIGHTFUL – I know all too well that appearances can be misleading. I strive to move beyond superficiality and seek out the deeper truths in life. This can give me an almost uncanny ability to understand people's true motivations, feelings, and needs.

PERSONALITY TRAITS

A PERSONAL MISSION - I feel that my life has a unique purpose – a mission that I was put onto this earth to fulfill. For me, one of the most rewarding aspects of life is seeking out this purpose – and then, once I've found it, striving to do it justice.

IDEALS

I've been searching my whole life for the answer to a certain question.

BONDS

SENSITIVE TO CRITICISM – I am not averse to feedback – that is, unless I believe that someone is challenging my most cherished principles or values. When it comes to the issues that are near and dear to me, I can become defensive or dismissive.

FLAWS

I was born under the mystic glow of the moon, my destiny intertwined with the cosmic forces that governed the universe. From an early age, I felt a deep calling, a sense that my life held a unique purpose waiting to be unraveled.

My pursuit of this purpose led me to become an astral drifter, navigating the vastness of the Astral Sea in search of answers to the burning question that fueled my existence. During my cosmic sojourn, I encountered a wandering deity—a being of immense power and wisdom. Though the encounter was brief, it left an indelible mark on my soul.

In that fleeting moment within the Astral Sea, the deity shared a secret, an obscure bit of cosmic lore that when cultivated, allows one to avoid death. This revelation became the guiding light that fueled my celestial warlock abilities and solidified my connection to the divine.

I embraced my creative side, reveling in the uniqueness that set me apart. Always eager to express myself and think beyond conventional boundaries, I found inspiration in the vast tapestry of the cosmos. My insights, born from a commitment to unraveling deeper truths, granted me an almost uncanny ability to perceive the true motivations, feelings, and needs of those around me.

However, this insightfulness came at a cost. Fiercely protective of my cherished principles and values, I became sensitive to criticism. Challenges to my core beliefs could trigger defensiveness or dismissiveness as I guarded the sanctity of my personal mission.

For me, life is a journey of purpose, a quest to unearth the unique calling that defines my existence. Every step, every encounter, and every revelation in the Astral Sea are pieces of a cosmic puzzle, leading me toward the fulfillment of my

CHARACTER BACKSTORY

Selune

Alignment: Chaotic Good
Alternate Names: Our Lady of Silver, The Moonmaiden, The Night White Lady
Category: None
Domains: Knowledge, Life, Twilight
Pantheon: Faerûnian
Symbol: Pair of eyes surrounded by seven stars

Selûne is thought to be among the most ancient of Faerûn's deities. Most humans in Faerûn consider the moon in the sky to literally be the goddess gazing down on the world, and the trailing motes of light behind it her tears. She is also a goddess of stars and navigation as well as motherhood and reproductive cycles. She is seen as a calm power, frequently venerated by female humans as well as by a mix of other folk: navigators and sailors, those who work honestly at night, those seeking protection in the dark, the lost, and the questing.

There are many legends about Selûne, chief among them being the tale of the battle at the beginning of time between Selûne and her sister, Shar. The Tears of Selûne, the cluster of starry lights that follow the moon around the sky, are thought to be brought about by the goddess's joy, sorrow, or both.

Milk, a symbol of motherhood, is used in many rites performed by the worshipers of Selûne, as are trances and meditation. Those who favor her typically set a bowl of milk outside on each night of the full moon.
