CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

BOLD – I am full of life and energy. There is no greater joy for me than pushing boundaries and discovering and using new things and ideas.

ORIGINAL – Combining my boldness and practicality, I love to experiment with new ideas and solutions. I put things together in ways no one else would think to.

PERSONALITY TRAITS

DIVING RIGH IN - I am the likeliest person to make a lifestyle of risky behavior. I live in the moment and dive into the action – I am the eye of the storm. I enjoy drama, passion, and pleasure, not for emotional thrills, but because it's so stimulating to my logical mind. I am forced to make critical decisions based on factual, immediate reality in a process of rapid-fire rational stimulus response.

IDEALS

I've seen great darkness, and I'm committed to being a light against it—the light of all lights.

BONDS

UNSTRUCTURED – When I see an opportunity to fix a problem, to advance, to have fun, I seize the moment, often ignoring rules and social expectations in the process. This may get things done, but it can create unexpected social fallout.

FLAWS

In the heart of the dense woodlands, where shadows danced with moonlight and the air hummed with the whispers of ancient trees, I emerged from the depths of darkness with a haunted past. My journey began in a quaint elven village, surrounded by the beauty of nature, but destiny had a darker path in store for me.

My early years were marked by boldness and a thirst for life. I reveled in pushing boundaries and experimenting with new ideas, blending practicality with a fearless spirit. My love for the unexplored led me to become a natural explorer of the Underdark, where I found myself drawn to the hidden depths and the mysteries that lurked within.

However, my life took a fateful turn during an ill-fated encounter with a malevolent force in the depths below the surface. A monstrous and undead entity, shrouded in darkness, slaughtered all the members of my exploration team and devoured their souls, sparing my life for reasons unknown. This haunting experience left me scarred, my eyes reflecting the unimaginable horror I had witnessed. The weight of survivor's guilt and the fear of the consuming darkness cast a shadow over my soul.

Driven by an unrelenting commitment to be a light against the encroaching darkness—the light of all lights—I embraced the path of a Gloom Stalker ranger and contracted my services out to help forever vanquish my favored enemy, the undead, forever from my homelands. My elven instincts and training allowed me to move seamlessly through the shadows, striking fear into the hearts of creatures that dwelled in the dark.

My unstructured approach to life made me the likeliest person to dive into such a risky endeavor. I lived in the moment, navigating through the chaos with a logical mind and a keen eye for opportunity. My boldness and originality led me to

CHARACTER BACKSTORY

Malar

Alignment:Chaotic Evil
Alternate Names:The Beastlord, The Black-Blooded One
Category:None
Domains:Nature
Pantheon:Faerûnian
Symbol:Clawed paw

Malar epitomizes the dark side of nature, the world that is red in tooth and claw. His faithful believe the hunt is the center point between life and death - the facing off of hunter and prey, forcing the issue of who lives and who dies. People believe that Malar can't be propitiated and knows no mercy, so he receives prayers only from those engaging in a hunt. Such supplicants pray to Malar for two reasons: to beg the aid of his peerless skill as a hunter, or to adopt his fearsome mantle and thus ward off other predators. Malar is the god of those who delight in the hunt, don't shy from bloodshed, and savor the fear of their prey.

Many lycanthropes consider Malar to be their divine father, as do some other intelligent predators. He has many devotees who are druids and rangers of particularly savage inclination, and many barbarians take Malar as a patron for his ferocity and cruelty. His priests use claw bracers, impressive gauntlets bedecked with stylized claws that jut out from the ends of the fists, as ceremonial weapons.
