CHARACTER APPEARANCE

ALLIES & ORGANIZATIONS

Perceptive – This originality is helped by my ability to notice when things change – and when they need to change! Small shifts in habits and appearances stick out to me, and I use these observations to help create connections with others.

Sociable – All these qualities pull together to make me a natural group leader. This isn't something that I actively seek – I just have a knack for making excellent use of social interactions and networking opportunities.

PERSONALITY TRAITS

P DIVING RIGHT IN

I am the likeliest person to make a lifestyle of riskv behavior.

IDEALS

I will get revenge on the evil forces that destroyed my place of business and ruined my livelihood.

BONDS

Risk-prone – This impatience can lead Entrepreneurs to push into uncharted territory without thinking of

FLAWS

I've always been a dealmaker, a smooth talker, a connector. Growing up in Waterdeep, I quickly learned that power wasn't in brute force, but in influence and control. I built a successful consulting firm, helping courts, guilds, and organizations navigate politics and bureaucracy. My ability to read people and situations—spotting small shifts in behavior—made me highly sought after. I thrived in the drama and passion of the moment, diving into each opportunity with excitement and making quick, critical decisions on the fly.

But one betrayal shattered everything. A noble court I had worked closely with turned on me, using my expertise and then bankrupting my business. It wasn't just a financial loss; it was personal. My reputation, my network—everything I had built—was gone. Now, I seek revenge. I still have my wit, my connections, and my divine powers, which I now use to infiltrate and sabotage corrupt leaders and organizations. I've become the one who turns the tables, tearing down the very systems that once helped me thrive.

I've built a new network of spies and informants, all working toward my goal of revenge. I don't just consult anymore—I work from within, causing chaos and dismantling corrupt organizations piece by piece. I live for the thrill of the action and embrace the chaos, even if it means acting recklessly. I jump into the fray without considering the consequences, but it's the only way to get results.

Now, I'll use my sharp mind, charm, and divine power to bring justice to those who wronged me. In the end, I'll stand on top, and the nobles who ruined me will regret it.
